Years 5/6 Assembly

The years 5 / 6 students shared some of the work that they have been doing this term at their assembly this week.

Some students read out some very humorous and clever limericks that they have written this week. Here are some of them:

Jayden: There once was a black
fluffy cat
Who made friends with a bad-
tempered rat
They played tennis all night
Until they got in a fight
And the cat hit the rat with a bat

Ava: There once was a boy
named Harry
Who suddenly decided to marry
A girl with long hair
That owned a pet bear
Which everywhere she went she
would carry

Angela: There once was a rather
funny bunny
Who loved eating jam and honey
He fell out of a tree
And got stung by a bee
His mum thought it was really
funny

Lily: There once was a boy called
Billy
His big sister's name happened to
be Lilly
Billy would often lie
So she poked him in the eye
He deserved it, as Billy was silly

The students who participated in the gallery visit / art workshop shows us their beautiful art works and explained how they completed them.

Other students performed an entertaining and amusing skit about poor "Pebbles".

In Geography, year fives have been learning about the different biomes that constitute the Earth's surface. Biomes in Australia include **Temperate Forests (Dwellingup), Tropical Forests, Oceans, Grasslands and Deserts.** Students were required to research the features of one of these biomes and to then make a model. Next they have to establish a settlement on their biome and to learn about the issues associated with clearing.

Above: Luca's Tropical Forest biome featuring a tree canopy and vines.

Above: Max, Cowen and Sean with their extensive Grassland biome.

Left: Abigail's Temperate Forest included a river with a log bridge.

Left: Farrah also completed a Grassland biome which included a nest with spotty eggs.

Right: Ava completed a Temperate Forest biome after it has snowed.

Below: Lily also completed a Temperate Forest biome.

Right: Holly with her Desert biome complete with a variety of nocturnal reptiles.

Thank you to **Mr Melkert** for all of the hard work and talent that he puts into his class.

Merit Certificates

Ava Bucktin ~ Always being polite, considerate of others and kind. Ava always works conscientiously and displays a positive attitude to all school activities.

Anne-Elise Douglas ~ For working hard to improve her work and for always 'giving it a go' even when activities are new and challenging.

Deegan Fort ~ For always having an amazing attitude towards all school activities and for bringing his cheerful smile to school every day!

Kara Tovey ~ Kara always displays a high level of responsibility for the animals in our school. She freely spends her own time ensuring that they are properly cared for.

CONGRATULATIONS

Above: Ava, Kara, Deegan and Anne-Elise

Crunch and Sip

Thank you to the P&C for funding "Crunch and Sip" and to Laine Vanelst for buying the fruit and vegetables and preparing the trays every morning. This initiative supports parents in providing the recommended 5 serves of vegetables and 2 serves of fruit each day. This week persimmons appeared on the trays. It was great seeing how willing children were to try something new. Donations of fruit and vegetables are welcomed.

Interschool Cross Country

Today the selection "run-offs" for the **Interschool Cross Country** to be held in Jarrahdale next Wednesday was held. It was wonderful hearing the children supporting and cheering each other on. Congratulations to the students who were selected but well-done to all of the students for trying so hard. Our team is as follows:

Junior Girls:

Anne-Elise Douglas, Capri Sellenger

Junior Boys:

Alby Birmingham, Logan Reid

Intermediate Girls:

Matilda Bedford, Hemi Sellenger

Intermediate Boys:

Deegan Fort, Tyler Reid

Senior Girls:

Ava Bucktin, Holly Carver

Senior Boys:

To be run on Monday due to student absences.

Reduce, Reuse, Recycle

In 2018 it was estimated that **3 billion** coffee cups were thrown away. The vast majority of them don't get recycled because the mixture of paper and plastic in their lining which is designed to make them both heat and leak-proof causes difficulties.

This week Mrs Bosanac, our fabulous and very talented lady in the office, arrived back from the café with a cappuccino for me in a reusable cup.

Shelley from the café has come up with a great "Choose to Reuse" initiative. Customers are invited to choose a china cup for their take away coffee. Not only is there a saving of 30c per cup, there is a saving for the environment as well.

Clean cups can then be returned next time you need a take away cup of coffee.

Tree Planting Day

Work is under way to rejuvenate the bushland at the back of the school. This afternoon students got busy planting marri trees and some jarrah forest seedlings.

Above: Brax, Deegan, Logan, Nate, Telitia, Lucas and Capri are very proud of the tree that they have just planted.

Left: Luca, Telitia and Deegan planting seedlings.

Below: Tyler and Hemi.

Above: "Mrs Sing, we've just found the rarest plant in the whole world!" Nate and Lucas

Above: Wesley discovered an interesting plant and even more exciting, some rusty gears!

Above: A team effort; Damon, Tayler, Abigail and Ava.

Left: Alby

Right: Lily
