“Lost Eden Creative” Gallery Visit

We are very pleased and grateful that **Peter and Monique Tippett** are keen to involve our students in exhibitions that are held at their gallery.

At present, local photographer **Anne Sinclair** is holding an exhibition titled “**Habitat**” at the gallery. **Anne** talked to the students about her fabulous photography and made the following key points:

- **Art tells a story.**
- **Art teaches us about new ideas in life and the world around us.**
- **Art is about emotions / feelings.**

Anne then asked the question, “**What is habitat?**” Her key messages in response to this were as follows:

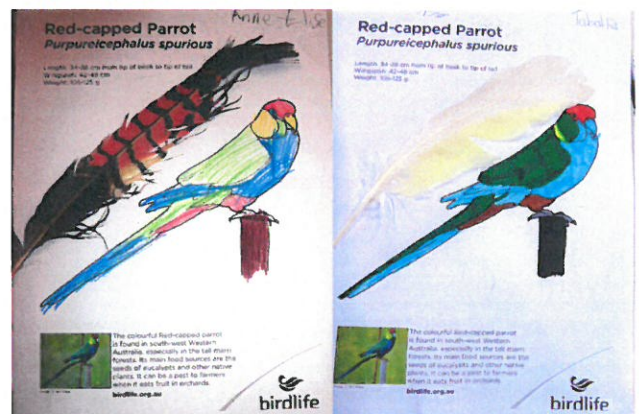

- Habitat is the natural home or environment of an animal, plant or organism.
- Habitat loss presents the greatest threat to wildlife.
- Dwellingup’s habitat is displayed here in this exhibition.

Anne then made the following points about our jarrah forest:

- **WE LOVE IT**
- **OTHER PEOPLE LOVE IT**
- **WE WANT TO KEEP IT**
- **WE NEED TO LEARN ABOUT IT.**

Students in the junior classes were very interested in Mrs Sinclair’s beautiful photos. They were amazed that there are so many beautiful birds in the jarrah forest. Mrs Sinclair taught students about the red capped parrot and they coloured one in. After that, they stuck a feather onto their page.

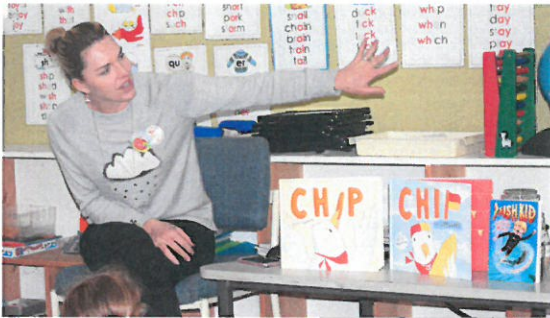

The senior class were shown a variety of art including glass, sculpture, watercolours, oil paintings etc. They learned that there is an endless variety of art. When we arrived back at school, **Tyler Reid** put up his hand and said, “Mrs Sing, there is some art.” (He was talking about the red tin poppy on the tree at the front of the tree). Students then proceeded to point a range of other art that we have in the school.

Richard Powers from the book ‘Overstory’:

“This is not our world with trees in it. It’s a world of trees, where humans have just arrived.”

Book Week ~ Author Visit

This week the **Murray Shire Library** organised for author / illustrator **Kylie Howarth** to visit our school. **Kylie** explained the book writing / illustrating process to students and inspired them by showing them the very first book she wrote when she was just six years old. Kylie read the students a book that she has had published called '**Chips**'. She then helped the students to draw the main character, Chips; a life-saving seagull.

Book Week ~ Author Visit

Students and some teachers came dressed as a large range of book characters on Thursday. They had plenty of opportunity to discuss their characters, the books they came from and authors / illustrators in class.

Nature Trail Working Bee

Last Saturday a small but very willing and hard working group of parents, students, staff and a great-grandmother got together and achieved the goal of constructing paths through our Community Bushland at the back of the school.

Word from the Chaplain

Hi Everyone,

I would like to thank all the children who came to Lunchtime club on Thursday, as their behaviour was impressive. The children played games together, made craft items and built Lego. It was a pleasure to see a room full of children of all ages having fun and using their best manners, there was lots of laughter and everyone shared without arguing.

Great job everyone and in the wise words (ha ha) of Mrs Ferraro:

"Remember you are all incredible, fun, amazing kids so believe in yourselves and you will achieve amazing things in life."

Lisa Ferraro

School Photos

A reminder that school photos will be taken on **Tuesday 27th August**. School photo packages have been sent home. Please remember the following for photo day:

* Students should look their best on photo day and be in the correct school uniform (we have plenty of second hand stock available if needed).

* All students **MUST** bring their completed Personalised Envelopes to photo day even if they have opted not to purchase photos (this saves considerable confusion).
