Evelynn Evans was the recipient of the recycling award this week. Students receive a raffle ticket if they bring in items that can be recycled including ‘containers for change’.

We thank businesses around town for allowing us to place yellow top bins outside their premises. At present there are only general rubbish bins provided so we think that as well as raising funds for our school, we are ‘doing our bit’ to promote recycling and preventing recyclables from ending up in landfill. Thank you to **Mr Warren** for bringing the bins up each week.

‘Interesting’ statistics’: 612 containers collected in total.

Around town - cans – 87; glass – 80; plastic – 86; cartons – 4 **School** – 249; **K/PP** - 106

Below: Amiee, Eve and Karly are contributing to recycling by assisting to sort the recycling bins.

We are excited about recycling AND making money for our school.

Lost Eden Creative Gallery Visit

Yesterday our students visited the **Lost Eden Creative Gallery**. Astrophotographer **John Goldsmith** described how 10 photographers / artists compiled the amazing exhibits in the gallery. Students learned lots of interesting information from John including:

- This type of artwork is called “**Astrophotography**” which combines telescopes and BIG cameras.
- Due to the lack of light, it can take up to 5 minutes to take one photo.
- A comet’s core is about the size of Mount Everest.
- Shooting stars are smaller than your thumb nail.
- Stars and gravity form together to create a black hole. No light can escape or get away.
- In Fremantle lots of seemingly random yellow lines were painted on buildings. When you stood in a particular place the segments of line merged to create ellipses.

John was amazed at the quantity and quality of the questions asked by students. We were all impressed by the students’ level of interest and engagement.

We thank proprietors **Monique and Peter Tippett** for providing yet another marvellous educational opportunity for our students at no cost.

Thank you to our ‘reporters’ Lily Lamb and Ava Bucktin for photographing the event and taking detailed notes.

PIXEL Art

Mr Warren thought up a project to reuse some slabs each containing 64 squares.

Students learned that **pixellation** is caused by displaying a bitmap at such a large size that individual pixels, (small single-coloured square display elements that comprise the bitmap) are visible.

Students completed a design onto a 64 square grid and then painted their design onto the slab. These slabs will be laid in our school grounds to create yet another 'feature'.

Above: These colourful results will make our school grounds even more appealing! Congratulations students!

Mr Warren and I were delighted with the high level of skill, engagement and common sense the students displayed while completing this combined art / grounds project.

The Ongoing Adventures of the K / PP

The K / PP students have continued their exploration of the Dwellingup community. This week they visited **Acting Sergeant Mat** at the Dwellingup Police station. As you can see they had a thorough inspection of the police station and the police van. The students also inspected the gaol out the back!

We thank **Acting Sergeant Mat** for giving the students a thorough tour of the local police station. We thank Mat for his work on the **Blue Light Disco** committee. There is also an article from Mat in this newsletter. Thank you for your contribution and thank you also for keeping our community safe. In addition to all of this, Mat is also organising a Road Safety talk for our students prior to the Christmas break. What amazing community policing!

Last week the K/PP students visited the post office. Whilst there they posted letters to grandparents and older residents asking them about their lives when they were younger. It is wonderful that replies are coming through. The students are able to learn that their lives are quite different now compared to the lives of children in the past.

Shirley Fort's and **Pam Laird's** replies are attached to this newsletter and make very interesting reading. How times have changed!

From Your Local Police

I would like to begin by expressing our thanks to everyone residing in the Dwellingup Community for getting through the many challenges both our and the wider community of WA has faced over the last eleven months.

With school ending soon and the summer holidays fast approaching it is only timely that we all take a moment to remember that our particular community becomes inundated with large volumes of traffic, especially this year with all the interstate travel restrictions that have been in place.

So, with that in mind, I implore you all to please drive safely, ensure your children are equipped with adequate road protection and have been sufficiently educated with regards to road safety.

The last thing our community wants during the festive season is to be dealing with a tragedy such as serious injury from a motor vehicle accident or the wide-spreading emotional trauma that revolves around such an incident, especially when it may have been avoided by buckling up even though you are only driving a short distance or insisting your child wear a helmet when riding around town.

Moving on to more pleasant discussion I would like to again extend an invitation to parents to volunteer to become part of the Blue Light Committee. Your involvement can be as limited as you would like from attending meetings and shaping the way we run our events to simply receiving correspondence and attending the events to help manage the attendees. The Blue Light Committee meets approximately twelve times per year and we host about four 'disco' events for the Dwellingup youths across the year. This year we are very excited to have been able to dip into Shire of Murray funding to host a SUPERDISCO Extravaganza for the kids to enjoy prior to their holiday break.

I hope everyone is able to practice safe behaviour over the holiday period and that we all have an enjoyable time.

Bring on 2021!

As always, if anyone requires Police for local advice please do not hesitate to contact the **Dwellingup Police Station on '9538 1057'**. For non-urgent Police assistance call '131 444' and as always '000' for any urgent emergency assistance. However, we would like it noted that we are regularly away from the office due to tasking and

patrolling requirements. If you are diverted to another station simply leave a message for us to contact you and we will endeavour to do so.

“Talk for Writing”

This is the final chapter of **Farrah Holster’s** story titled, “A Journey to Lipton”.

Chapter 5 Hot Tea, Good Food

As the queen entered the parlor, followed by Forrest, the court was standing on ceremony. Queen Rosehip sat gracefully in her oversized red Nottage arm chair letting her arms float gently onto the armrests. The court followed the queen’s directions to take a seat. Queen Rosehip addressed the court formally and leant over to face Forrest, who was sitting to her left, and said, “So... tell me about this Earl Grey as you say his name is,” and just as Forrest was about to answer the chef burst through the door, with a concerned look upon his face, pushing a large silver tea trolley. As the chef served Her Majestea he apologized for yet again another luke warm tea.

“Tiz okay my dear chef, not for long,” she said with a wry smile on her face as everyone but Forrest turned and looked at her with great confusion. “May I?” Queen Rosehip asked as she reached out her hand, palm facing upwards, indicating for Forrest to place the cup in it. “Thank you,” She said. “Now Forrest, ever since the dishonestea of Earl Grey, who stole this tea cup, everyone and everything in Lipton has been miserable you see. This cup is special. On your birthday you get to drink tea out of this cup. However, you don’t just get a delicious tea you also get to make a wish, for this is a wishing cup.” The queen continued, “Since the land of Lipton has been without wishes everything here has been so stale and tasteless.”

“Oh, I understand now,” said Forrest. “Oh dear that must have been terrible your Majestea.” “Hmmm... yes it was rather,” replied the queen, “but thanks to you things are about to change!” Queen Rosehip held the cup in one hand and picked up the teapot of tepid tea pouring it into the cup. Magically everything started to change. The sponge cake rose, the scones become fresh again, and the saggy fruit tarts became full and glistening from the glaze and the tea started to steam and the steam formed beautiful swirling patterns as it rose into the air.

The court gasped and with a disregard for good manners leapt at the trolley and started filling their mouths until their cheeks were bulging. The queen chose to ignore this display of impulsiveness and walked right past, Forrest following behind. Queen Rosehip stepped out onto the balcony overlooking the crowd below her that had begun to form.

“Ladies and gentlemen,” she called “The magic tea cup has been returned to Lipton.” The crowd let out a great cheer of excitement. “This is the reason your tea is now hot and your food is now fresh. Please give three cheers to Forrest.”

“Hip hip,” “Hooray!” yelled the crowd. “Hip hip,” “Hooray!” “Hip hip,” “hooray!”

“Now go off eat, drink, and be merry!” she cried. Queen Rosehip then quietly turned to Forrest and said, “Now in appreciation for bringing our magic teacup back I will grant you a wish. When you are ready take a sip from the cup and wish for your heart’s desire.” So, Forrest held the tea cup between the palms of both hands, took a sip and closed his eyes.

“Whilst the possibiliteas are endless I enjoy the simpliciteas of life and what I really wish for is to be sitting on my back verandah, on a sunny day, having a hot cup of tea from my favorite tea pot with my grandma.” And just like that Forrest found himself there pouring himself a cup of tea. By now the queen had retired to her private sitting room to enjoy a lovely hot cup of tea in peace. In their different worlds both Queen Rosehip and Forrest Flamedrifter simultaneously lifted their teacups to their lips, took a sip and sighed.... “Aaaarrhhhhh, Normalitea!”
