

Dwellingup Primary School

2021 Annual Report

Dwellingup Primary School

ANNUAL REPORT 2021

From the Principal:

It is with great pride and pleasure that I present the Dwellingup Primary School Annual Report for 2021. I would like to acknowledge and thank the school staff, School Council, P&C, parents, community members and volunteers for their contributions to so many areas around the school in 2021. Part of our school ethos is that 'it takes an entire village to raise a child' and the community support us in a variety of ways. The COVID pandemic continued to present us with a range of challenges throughout the year including modification of the P & C's major fund-raising event The Giant Pumpkin Festival. We are prepared for continued challenges due to COVID in 2022. Staff changes in two of the three classes presented challenges. Small student numbers impact on class structure.

Dwellingup is a busy school, clear evidence of which is provided in the number of quality programs available to students and the high level of development of civic responsibility through community involvement. Involvement is at a reduced involvement due to COVID. Once again a school team participated in the 14 km event in the "Dwellingup 100" international bike event.

their camp.

The P & C organised a "Antiques and Collectors" Fair at the Hotham Valley Steam Train Festival, year 6 students utilised the opportunity to raise funds for their camp and once again a group of singers charmed the crowd by singing "Moringtown Ride" on the platform as the train steamed out of the station. The Dwellingup Community Christmas Tree and annual Bluelight event are held at our school.

We continued our "Dirt Matters" program which saw students engaged in further gardening and artistic projects around the school. We continue to be the collection point for the "Containers for Change" scheme which involved collection points around town.

The Playgroup based at the school accessed DOE's "Transition to School" program. The Playgroup ran two days per week.

A Chaplain is employed three days per fortnight and runs a variety of individualised programs to support students and families. This year 6 students travelled to Rottnest Island for

I would like to acknowledge the dedication, enthusiasm and commitment of all staff. Their ability to support each other and to work as a team is a strength of the school. We are looking forward to another very productive year in 2022.

School Ethos:

Our school motto, which underpins all that we do, is **“Standing Tall and Proud”**. This motto defines our culture of high expectations of student achievement, excellence in teaching, a safe and caring learning environment, community partnerships and environmental awareness.

P – Possibilities

R - Respect

O – Opportunities

U – Unique

D – Determination

We aim to ensure that Dwellingup Primary School is an integral part of the community, providing a focus for sustainability and developing attitudes and skills for the future.

School Vision:

Our Dwellingup School Community provides opportunities for each child to be a lifelong learner. Skills, knowledge and values attained enable achievement in a rapidly changing world within an atmosphere of care, respect and self-worth.

Our School and Community:

Dwellingup Primary School is located in the town of Dwellingup on the outskirts of the forests of the outer metro region of Perth. The school is 110 years old and has a tradition of high community involvement and support. The generations of families who have gone before this generation of students, are strong stakeholders in the activities of the school.

The school provides a comprehensive education for children from Kindergarten to Year 6 in a highly supportive, family focused environment in which every child counts and where every parent's voice can be heard.

Our school prides itself in being friendly and establishing meaningful relationships with the school and wider community. We aim to develop the whole child. A feature of our school is its outstanding grounds created by our W.A. Education Award winning gardener. The grounds incorporate beautiful gardens, a mini-golf course, vegetable garden and chook shed, undercover area, Nature-Based playground and bike track. Our school is part of the Murray Waroona Schools Network. Primary schools in the Network feed into Pinjarra SHS who offer a strong Transition program and commenced an Aspirant program involving our year 6 students this year. This network effectively ensures that schools in the area access relevant Professional Development and that other initiatives are implemented and supported where appropriate. "Growth Mindset" is to be further rolled out across the schools in 2022. Our school lies within Designated Bushfire Zone so activities are planned to raise awareness of Bushfire. This occurs with the support of the local Volunteer Bushfire Brigade. A Dwellingup Primary School tradition is the annual last minute "Hose down". Fifteen minutes before the final siren at the end

of the year members of the Volunteer Bushfire Brigade arrive with a firetruck. All students receive a thorough "hose down" to end their school year.

School Council:

In 2021 the School Council consisted of two parent representatives ~ Shani Holster, Christine Reid, three community representatives John McCooke, Anne Sinclair, Pam Laird and two staff representatives ~ Dawn Bosanac and the principal, Colleen Sing. The School Council is a proactive, supportive and effective group and achieved the following outcomes in 2021:

- Reviewed budget spending and allocations.
- Reviewed data.
- Decided upon and endorsed school charges and contributions for 2022.
- Agreed to changes to Interschool sports arrangements
- Three members completed DOE Training School Council governance training

ACTIONS FOR 2022

- Create a Connect Community for School Council members.
- Members to complete School Council Self-Assessment Survey and devise an Improvement Plan in Term 2 2022.

Semester Enrolments (Census dates) for 2020:

Does not include kindergarten. Figures show Semester 2 enrolment:

Enrolment	2014	2015	2016	2017	2018	2019	2020	2021
Numbers	62	56	47	55	54	58	53	51

Dwellingup has been identified as a "Trails Hub". This initiative has attracted a significant number of tourists to the town. At present there are over 53 Air B&Bs and because Dwellingup is a charming town near Perth, an increasing number of 'weekenders' and retirees are choosing to live here. The town is surrounded by state forest so there is at present no land availability. Housing is extremely scarce which impacts on school numbers. At present we have families who travel from other towns or live in the caravan park.

ICSEA: (Index of Community Socio-Educational Advantage)

Year	2014	2015	2016	2017	2018	2019	2020	2021
ICSEA	953	928	972	970	970	965	990	998

Our small student numbers result in significant variance in ICSEA and Transiency. Note the change between 2015 (928) and 2021 (998). Average ICSEA is 1000.

Transience:

	2014	2015	2016	2017	2018	2019	2020	2021

Student movement	9	8	10	4	7	6	8	9

ACTIONS FOR 2022

- Continue to promote the school by placing 'good news' articles in newsletter and local paper to ensure parents continue to enrol their children Dwellingup Primary School. At present all potential new enrolments are attending Dwellingup Primary School as a school of choice and 5 students travel from out of town.
- Principal joined Murray Shire's "Dwellingup Futures" group to highlight the issue of limited housing (52 air B&Bs) and no available land (surrounded by state forest).
- Continue "Transition to School" program that supports students enrolling here instead of choosing alternative schools. Buses travel 'down the hill' to four potential alternative schools that parents have chosen in the past.

Staff Profile:

Dwellingup Primary School has a total teaching staff of 4, including the principal. In 2021, Indonesian was taught in the school via The School of Isolated and Distance Education. .

STAFF 2021		
Position	Numbers	F.T.E.
Administration Staff		
Principal	1	1.0
Manager Corporate Services	1	1.0
Teaching Staff		
Teachers – classroom	4	3.4
School Support Staff		
Education Assistants	3	2.42
Library Officer	1	0.2
Cleaning	2	0.76
Gardening	1	0.7

There is a full-time Manager Corporate Services and three part-time Education Assistants. A Library Officer, Gardener and Cleaner complete our small but dedicated staff.

The staff are dedicated, committed and highly proficient. The gardener has a recipient of the Support Person of the Year in the WA Education Awards; the K/PP teacher has Senior Teacher status and the principal has a Master of Education degree.

Staff Professional Learning

Staff took part in various professional learning opportunities in 2021 to support the school and Department's priorities.

Professional learning to support the School Business Plan was restricted due to COVID. DSF 'Talk for Writing' was completed by an Education Assistant who is now delivering the program throughout the school. NAPLAN data indicates that this program has been highly successful. The Early Childhood teacher and an Education Assistant completed the "KAT – Kindergarten Assessment Tool" professional learning. This supports our Early Intervention philosophy. All kindergarten students have been assessed using this tool. This program directly links to our other screening tools. The year 4/5/6 teacher is completing Graduate Modules. At the end of 2020 staff were involved with working with a teacher from Dalwallinu DHS, a TDS to implement a Maths Scope and Sequence document to facilitate explicit multiyear level teaching of maths,. Data indicated that this was necessary. Maths text books had been implemented two years previously after the retirement of a teacher who had Getting It Right Numeracy training without success.

We continued Individual Student Tracking to ensure that interventions are targeted to a greater extent. Interventions included PLD (Preventing Literacy Difficulties) screening and tracking, expanded use of On-Entry data and Minilit and Multilit which have all proved to be very effective, especially in the junior years.

Our school motto, which underpins all that we do, is **"Standing Tall and Proud"**. This motto defines our culture of high expectations of student achievement, excellence in teaching, a safe and caring learning environment, community partnerships and environmental awareness.

Student Engagement: Attendance

Attendance is well below the W.A. public schools average. Due to our low numbers the attendance of one family with three children severely impacted on our data. The older student has had a 53% attendance rate since kindergarten. The School Psychologist, Chaplain and DCPFS have been involved in supporting this family. Two other students were transitioning to school from being home schooled which also impacted negatively on our data.

ACTIONS FOR 2022

- Continue to promote parental awareness of the importance of regular attendance through newsletter articles.
- Provide support via the Chaplain and School Psychologist for identified students and families who require this.
- Attendance data included in Individual Student Profiles.
- Publicise and reward students who attend regularly at the end of each term in the newsletter.
- Before and After School Care established in 2021. This was established, but despite surveys indicating a demand, the service closed at the end of 2021 due to lack of support. Having this availability did not, as predicted improve attendance rate.
- Several families, despite the interventions mentioned above, continue to take family holidays during the term.

Monitoring Performance

Throughout the year student and school performance has been monitored through a variety of standardised tests and techniques. On-Entry Testing (PP, year 1 and year 2), Multi and Minilit data, PM Benchmarks (Reading), PAT maths, Easymark Grammar and Punctuation, South Australian Spelling, Di Rigg screen, KAT – Kindergarten Assessment Tool, Lexile levels and Semester Reports and teachers' professional judgements and observation were used. A volunteer, a retired teacher, administers and analyses standardised tests which ensures consistency. Due to the fact that we have small co-horts, we monitor individual student progress to much larger extent than year group improvements. Students are tracked and interventions occur where necessary.

Student Performance: On Entry

The On-entry Assessment Program is mandated for Pre-primary students in public schools in Western Australia. In addition, Modules 2 and 3 (and Literacy Module 4) are used with Years 1 and selected year 2 students.

On-entry is an assessment **for** learning, with the primary purposes being:

- To provide teachers with information about the current skills and understandings of each student in their class
- To inform the planning and delivery of targeted and intentional learning programs, reflective of each child's needs and capabilities
- To identify students who may require early intervention or extension.

Pre-Primary students were tested at the end of the year. Progression is summarised below. Results were as follows:

	Reading		Writing		Numeracy	
	School	Like Schools	School	Like Schools	School	Like Schools
Pre-primary	490	450	242	210	442	429

The graphs below show progression from On-Entry (commencement of PP) to the end of the PP year.

ACTIONS FOR 2022

- Continue to re-test pre-primary students at the end of the year.
- Continue to test students at the end of year 1 and for those "at risk" at the end of year 2.
- Students who have not attained the expected progression will receive intervention via the 'Minilit' (Meeting Initial Needs in Literacy) or Prelit program.
- The Dianna Rigg Literacy Screen will be used in conjunction with the above.
- Principal / ECE teacher to complete On-Entry P.L. to utilise data more effectively when planning.
- Implement KAT (Kindergarten Assessment Tool) to provide early intervention for students entering school.

NAPLAN

Student co-horts below 10 do not allow the school to report growth compared to State or Like School medians as this may identify students. Individual Student Profiles have been created that include the following data sets for each child: On-Entry Data, South Australian Spelling Test, Di Rigg Spelling, PM Benchmarks, Lexile (years 4 – 6), PAT Maths, NAPLAN, Easymark Grammar & Punctuation and Attendance Data. Individual progress is tracked and monitored and interventions including Di Rigg strategies and Mini and Multitilt occur. Identified students work above or below year level. One student participates in the PEAC program and attends a Maths extension program at Curtin University. Progress is tracked in association with attendance. Lack of progress with individual students, without exception, is linked to attendance or issues that have been identified by the School Psychologist.

Student Progress and Achievement Compared with Like Schools
NAPLAN Year 3 2019 to Year 5 2021

Progress and achievement has been included, but once again, small student numbers restrict validity.

National Quality Standard

The National Quality Standard (NQS) is part of the National Quality Framework and sets a national benchmark for quality education that all schools strive to meet from kindergarten to year 2. This is a continuous self-improvement model and involves staff reflecting and making adjustments to their practice.

	Quality Area	Working Towards	Meeting
1	Educational Programs and Practice: Ensuring that the educational program and practice is stimulating and engaging and enhances children's learning and development.		✓
2	Children's Health and Safety: focuses on safeguarding and promoting children's health and safety.		✓
3	Physical Environment: focuses on the physical environment and ensuring that it is safe, suitable and provides a rich and diverse range of experiences that promote children's learning and development.		✓
4	Staffing Arrangements: provision of qualified and experienced educators and principals who are able to develop warm, respectful relationships with children, create safe and predictable environments and encourage children's active engagement in the learning program.		✓
5	Relationships with Children: focuses on relationships with children being responsive and respectful and promoting children's sense of security and belonging. Relationships of this kind free children to explore the environment and engage in play and learning.		✓
6	Collaborative partnerships with families and communities: fundamental to achieving quality outcomes for children and community partnerships that are based on active communication, consultation and collaboration.		✓
7	Leadership and Service Management: positive organisational culture and building of professional learning community.		✓

ACTIONS FOR 2022

- Continue to meet the requirements of the Quality Areas listed above.
- Continue the 'Early Transition to Schooling' program.

We do this through:

- Working to understand the individual differences and needs of children.
- Inclusion of parents and community members in the life and organisation of the school.
- Continual self-evaluation and monitoring of the educational programmes that we provide.

- In the upper primary, there was deterioration in *setting goals and works toward them with perseverance* between semester 1 and 2. The discrepancy could be due to a change of teacher and enrolment of new students.
- Focussing on creative and critical thinking through enquiry based activities, STEAM and environmental activities will assist with metacognition.
- Targeted students to receive input from the Chaplain. Confidence and self-esteem are issues with some students.
- Whole class strategies to be implemented by Chaplain to support this area.
- Provision of extension activities for talented students and use of interventions such as "Minilit" and "Multilit" will support student engagement.

Value Adding

Special programmes are in place to meet the needs of individual and targeted groups of students.

- Students at Educational Risk are delivered intervention programs by way of Individual Education Plans which provide tailored additional support / extension for identified students. They may also include plans for behavioural or social issues.
- Use of KAT (Kindergarten Assessment Tool) to provide early intervention.
- Use of 'Multilit' and 'Minilit' and 'Prelit' programs for targeted students.

The Chaplain provides support to the school three days per fortnight. She sees most students on a rotational basis. No specific program is run as the needs of the students vary considerably. Well Being is explicitly taught through the SDERA Health program.

ACTIONS FOR 2022

- Continue to fund Chaplaincy.
- Use of SDERA materials in the delivery of Health.

Aboriginal Cultural Standard

The Aboriginal Cultural Standard sets expected standards for schools when working with Aboriginal students, their families and communities. It also guides us to incorporate culturally responsive attitudes, values and behaviours into our everyday work.

ACTIONS FOR 2022

- Continue to incorporate Aboriginal culture, perspectives and history across curriculum areas.
- Continue to Include Six Aboriginal Seasons in newsletter.
- Continue "Acknowledgement of Country" at assemblies.
- Visit Aboriginal art exhibition at local gallery.

Fire Brigade "Hose Down" on
Last Day.

We continued our community involvement literally to the very last minute of school. Getting a good drenching by our local Volunteer Fire Brigade on the last fifteen minutes before the holidays has become a Dwellingup Primary School tradition. Thank you for all of the good work that our volunteer 'furies' do in our community.

A connection to community history ... Dwellingup Primary School opened as a tent school in 2011. The town was established to service the timber industry. Geoff Warren, our gardener, attended the school and his family can trace their roots in Dwellingup back to early in the 20th Century. Our school grounds are magnificent and Geoff's creativity, passion and work ethic are an inspiration to all!
